OBJECTIVE

As an aspiring physicist and engineer, I have a passion for exploring the mysteries of the universe and discovering new ways to push the boundaries of technology. With a strong background in space science, drone technology, and programming, I am eager to contribute to the development of advanced technologies that will enable humanity to explore the multiverse and unlock its infinite potential.

EDUCATION

Bellevue High School, Bellevue, WA

Expected 2024

GPA: 4.0

Coursework: AP Physics, AP Calculus, Computer Science

PROFESSIONAL EXPERIENCE

Lead Student Researcher, NSF High School Space Science Competition

2020-2021 *Bellevue, WA*

- Led a team of three high school students with the team's advisor, Dr. Karen Williams, in researching and developing a new space propulsion system for small satellites.
- The team's research project was selected as a finalist in the NSF competition and was presented at the national conference in Washington, D.C.

NASA Intern, Kennedy Space Center

2022 *Cape Canaveral, FL*

- Completed a summer internship at NASA's Kennedy Space Center, where I worked on software development and testing for the space agency's spacecraft and launch systems.
- Assisted with the design and implementation of new features for NASA's spacecraft technology.

Teaching Assistant, Bellevue High School

2022-2023 *Bellevue, WA*

- Assisted the instructor in grading assignments and providing feedback to students in an introductory computer science course including one-on-one tutoring for those who needed additional support.

AWARDS, HONORS, AND SCHOLARSHIPS

- **National Science Olympiad:** Gold medal in Astronomy 2022
- **Bellevue High School Robotics Club:** First place in regional competition 2022
- **Bellevue High School Science Olympiad:** First place in regional competition 2022
- **Bellevue High School:** Valedictorian 2024
- **National Science Foundation:** Research grant for independent study on the design and construction of a small-scale spacecraft 2022
- **Bellevue High School:** Academic scholarship for outstanding achievement in science and math 2022-2024

EXTRA-CURRICULAR PROGRAMS

Bellevue High School Robotics Club (President) Bellevue High School Science Olympiad (Team Captain) Bellevue High School Astronomy Club (Founder and President)

HOBBIES

Playing classical piano (trained since age 5, performed in local and regional competitions)
Building and flying model aircraft (member of the Bellevue Model Aero Club)
Hiking and camping in the Cascade Mountains (completed the Pacific Crest Trail section hike in 2021)
Photography (won first place in the Bellevue High School Photography Contest in 2022)
